

WEEK 3

Aim

To design and develop a **Student Name Manager** using HTML, CSS, and JavaScript to dynamically add and delete student names from a list and display the total number of students.

Description:

This experiment involves creating a Student Name Manager web application that allows users to enter and manage student names dynamically. The application provides an input field and an **Add Student** button to add student names to the list. Each student is displayed with a **Delete** button, which allows the corresponding student to be removed from the list.

The total number of students is automatically updated whenever a student is added or deleted. HTML is used to create the webpage structure, CSS is used to provide styling and layout, and JavaScript is used to implement dynamic add, delete, and student-count functionality.

Program code:

login.html:

```
<!DOCTYPE html>
```

```
<html>
```

```
<head>
```

```
<meta charset="UTF-8">
```

```
<title>Student Name Manager</title>
```

```
<link rel="stylesheet" href="style.css">
```

```
</head>
```

```
|
```

```

<body>

|
<div class="container">

|
  <h1>Student Name Manager</h1>

|
  <div class="input-box">

    <input type="text" id="studentName" placeholder="Enter student name">

    <button onclick="addStudent()">Add Student</button>

  </div>

|
  <h3>Total Students: <span id="count">0</span></h3>

|
  <ul id="studentList"></ul>

|
</div>

|
<script src="script.js"></script>

|
</body>

</html>

```

script.js:

```

let students = [];

|
function addStudent() {

  let input = document.getElementById("studentName");

  let name = input.value;

  |
  if (name === "") {

    alert("Please enter a name");

    return;

  }

  |
  students.push(name);

```

```

|
|   input.value = "";
|
|   displayStudents();
|
| }
|
| function displayStudents() {
|
|   let list = document.getElementById("studentList");
|
|   list.innerHTML = "";
|
|   for (let i = 0; i < students.length; i++) {
|
|     list.innerHTML += `
|
|       <li>
|
|         ${students[i]}
|
|         <button onclick="deleteStudent(${i})">Delete</button>
|
|       </li>
|
|     `;
|
|   }
|
|   document.getElementById("count").textContent = students.length;
|
| }
|
| function deleteStudent(index) {
|
|   students.splice(index, 1);
|
|   displayStudents();
|
| }

```

style.css:

```

* {
|
|   margin: 0;
|
|   padding: 0;
|
|   box-sizing: border-box;
|

```

```
}
```

```
{  
body {
```

```
font-family: Arial, sans-serif;
```

```
background: linear-gradient(135deg, #667eea, #764ba2);
```

```
min-height: 100vh;
```

```
display: flex;
```

```
justify-content: center;
```

```
align-items: center;
```

```
}
```

```
{  
.container {
```

```
background: white;
```

```
width: 450px;
```

```
padding: 35px;
```

```
border-radius: 15px;
```

```
box-shadow: 0 10px 30px rgba(0, 0, 0, 0.2);
```

```
}
```

```
{  
h1 {
```

```
text-align: center;
```

```
color: #333;
```

```
margin-bottom: 25px;
```

```
}
```

```
{  
input {
```

```
width: 70%;
```

```
padding: 12px;
```

```
border: 2px solid #ddd;
```

```
border-radius: 8px;
```

```
font-size: 15px;
```

```
    outline: none;
}

|
input:focus {
    border-color: #667eea;
}

|
button {
    padding: 12px 15px;
    border: none;
    border-radius: 8px;
    background: #667eea;
    color: white;
    font-size: 14px;
    cursor: pointer;
}

|
button:hover {
    background: #5568d9;
}

|
h3 {
    margin-top: 25px;
    margin-bottom: 15px;
    color: #444;
}

|
#count {
    color: #667eea;
}

|
ul {
```

```
list-style: none;

}

|
li {

display: flex;

justify-content: space-between;

align-items: center;

background: #f5f6fa;

padding: 12px 15px;

margin-bottom: 10px;

border-radius: 8px;

color: #333;

}

|
.delete {

background: #e74c3c;

padding: 7px 12px;

font-size: 13px;

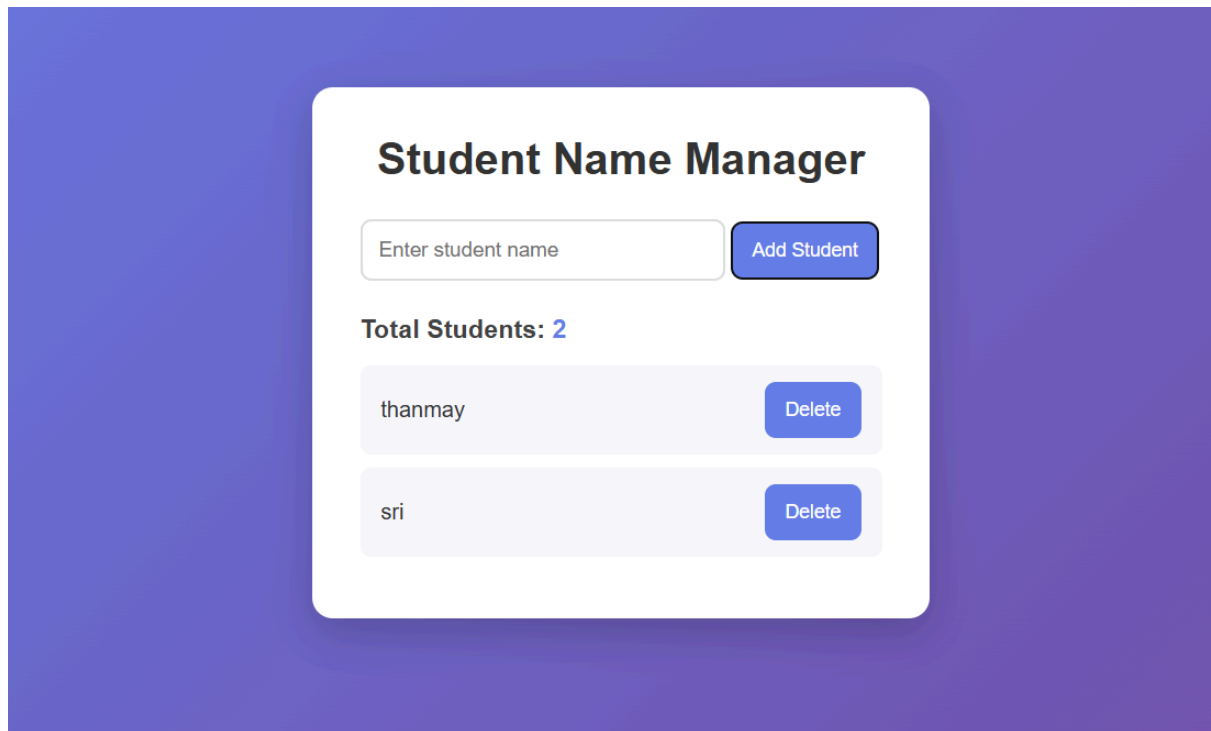

}

|
.delete:hover {

background: #c0392b;

}
```

Output:

Result:

The Student Name Manager was successfully developed using HTML, CSS, and JavaScript. The application allows users to add and delete student names dynamically, while automatically updating and displaying the total number of students.
