

WEEK 2

Aim

To design and develop a **Static Campus Placement Application for Anil Neerukonda Institute of Technology & Sciences (ANITS)** using HTML5 and CSS3, demonstrating semantic webpage structure, responsive layouts, navigation menus, forms, and attractive styling.

Description:

This experiment involves developing a static Campus Placement Application using only HTML5 and CSS3. The application is designed as a professional institutional placement portal that provides information about the Training and Placement Department, student registration, student login, participating companies, placement information, and contact details.

The application consists of interconnected webpages including Home, About, Student Registration, Registration Success, Student Login, Companies, and Contact pages. HTML5 semantic elements, hyperlinks, images, lists, tables, forms, HTML5 validation, and iframes are used to structure and organize the website. CSS3 is used to provide responsive layouts, Flexbox, backgrounds, gradients, hover effects, box shadows, border radius, transitions, and other styling features.

The website provides students with an interactive and well-organized interface for accessing campus placement-related information

<h1>About the Training & Placement Department</h1>
```

```
</div>
```

```
<p>ANITS provides rigorous Campus Recruitment Training (CRT) starting in the pre-final year to prepare engineering students for software and core sector jobs. The in-house training team coaches students in quantitative aptitude, logical/verbal reasoning, interview skills, and group discussions. Anil Neerukonda Institute of Technology & Sciences (ANITS) has a dynamic Training Department, led by Prof. P. Padmaja, Dean - Training, and supported by a dedicated team of 19 faculty coordinators. The department delivers extensive training in Quantitative Aptitude, Logical Reasoning, Verbal Ability, English proficiency, Group Discussions and Interview Skills. Programs are tailored to industry needs and delivered primarily by experienced in-house trainers, ensuring students are well-prepared for recruitment processes.</p>
```

```
<p>The department fosters robust connections with industry partners, regularly organizing expert lectures, technical workshops and interactive sessions that expose students to current practices and future trends.</p>
```

```
<p>ANITS, with the Training Department at the forefront, remains a top destination for aspiring engineers, empowering students with the right skills, knowledge and opportunities to launch successful careers.</p>
```

```

<h2>Our Department Focuses On</h2>

<ul>

<li><p><strong>Training Structure</strong>: Classes happen during the 3rd year to build strong
foundational skills before real job tests begin.</p></li>

<li><p><strong>Placement Cell Facilities</strong>: The campus has a 400-seat air-conditioned
auditorium for pre-placement talks, 500-student capacity exam halls, and AC interview rooms.</p></li>

<li><p><strong>Recent Stats</strong>: During the placement season, the highest package offered
was up to Rs. 17.08 LPA, with a median package around Rs. 4.03 LPA.</p></li>

<li><p><strong>Top Recruiters</strong>: Students frequently secure jobs at companies like
Walmart, Amazon, Infosys, and Flipkart.</p></li>

</ul>

About the Training & Placement Department

Anil Neerukonda Institute of Technology & Sciences (ANITS) has a dedicated Training & Placement Department headed by Prof. P. Padmaja and supported by experienced faculty coordinators. The department is committed to maximizing student placements in both software and core engineering sectors through continuous skill development and industry engagement.

ANITS provides comprehensive Campus Recruitment Training (CRT) covering Quantitative Aptitude, Logical Reasoning, Verbal Reasoning, English Communication, Group Discussions and Interview Skills. These programs are conducted by experienced trainers to prepare students for campus recruitment.

Recruiter feedback and alumni performance are regularly analyzed to improve training strategies and align them with industry requirements. The institute offers excellent placement infrastructure including modern laboratories, seminar halls, interview rooms and advanced computer facilities.

Through dedicated efforts and strong industry collaborations, ANITS has consistently achieved an excellent placement record with leading multinational companies visiting the campus every year.

Our Department Focuses On

- Identifying employment opportunities for engineering graduates.
- Building strong industry-academia partnerships.
- Providing comprehensive Campus Recruitment Training (CRT).
- Organizing expert lectures, workshops and seminars.
- Conducting aptitude, coding and communication training.

Result:

The Static Campus Placement Application for ANITS was successfully designed and developed using HTML5 and CSS3. The application includes interconnected webpages for Home, About, Student Registration, Registration Success, Student Login, Companies, and Contact. The project demonstrates semantic HTML elements, navigation, forms, tables, responsive design, and CSS styling to

create a professional static placement portal.
